

Site Council Meeting Minutes  
October 23, 2017

Site Council Members present: Maren La Roche, Delila Montes, Ericka Thessen, Kate Wagoner, Leslie Wonn, Londa Rochholz, Shane Hudson-Connor and Heather Friesen.

Our meeting opened with discussion on how the school year is going thus far. Maren complimented Ms. Chang on her ability to transition into the first grade classroom after the school year started. The Remind app being used by teachers has been helpful to parents. Ericka mentioned that she struggles with the fourth grade math concepts and how they are being taught in the classroom. Ericka suggested that a parent evening be held to help parents with math assistance. Kinder teachers are doing home visits. We also welcome a new comprehensive learning program to our building.

Site Council reviewed McCornack's school improvement plan for Comprehensive Achievement Indicators for completion and focus. Our staff has approved our new mission statement and Mrs. Ligon is finalizing the school posters. We will be starting an afterschool math program, three days a week, starting with fourth grade. This will be a targeted group addressing specific skills.

We will focus on the following indicators this year:

- 1) EE2.4 Instructional teams use a variety of data to assess strengths and weaknesses of the curriculum and instructional strategies and make necessary changes.
- 2) DSC1.3 The school's leadership plans for and implements professional development preparing teachers to support parents in the education of their children by providing in-classroom opportunities and at-home opportunities for parents. We will look at changes for this year and into the next school year.
- 3) Attendance

Our next Site Council meeting will be held on Monday, November 13. Agenda items for the next meeting will be Curriculum Night format/online options, attendance, and the Comprehensive Achievement Plan.
