

Site Council Meeting Minutes January 21, 2020

Site Council Members Present: Chris Bennett, Jen Kirkwood, Londa Rochholz, Kate Wagoner, Heather Friesen and Leslie Wonn.

Introductions and their role on Site Council were conducted. Londa Rochholz (Principal), Jen Kirkwood (Title Coordinator), Chris Bennett (Parent Representative), Heather Friesen (Parent and Third Grade teacher) Kate Wagoner (Second Grade Teacher) and Leslie Wonn (Classified Representative).

Site Council is an advisory group focused on the school community. We will invite additional parents to serve on Site Council that might have a different perspective on the school from those immersed in the day to day school operation. Londa Rochholz will include a query in her school newsletter for parent interest to be completed by 1/26/20.

The draft McCornack Elementary School Parent Involvement Policy was reviewed. Discussion followed about using social media to disseminate school information instead of a paper newsletter. Kate and Heather will create a Instagram page. We need to keep in mind privacy concerns with some students. PTO updates the McCornack Facebook page. Heather mentioned that some fifth graders might be interested in helping with these platforms and she would be willing to advise this group.

We will review our school goals around parent engagement and community input at the next Site Council meeting on Tuesday, February 18, 2020 from 3:30pm. All Site Council meetings are open to anyone wishing to attend.
